

A person with a backpack stands in a forest, looking out at a bright sunrise or sunset. The sun is low on the horizon, creating a strong lens flare and illuminating the scene. The person is wearing a blue long-sleeved shirt, dark shorts, and a large backpack. They are standing on a log or a path in the foreground. The background is filled with tall trees and a bright, hazy sky.

Arts, Humanities & Social Sciences

Learn how to think, not what to think. With NIC's arts, humanities and social sciences courses you'll develop employable skills as you learn how to assess and adapt to change, analyze trends and solve complex problems.

Programs

Associate of Arts degree
Criminology diploma
University Studies
Flexible Pre-Major

Courses

Anthropology	Liberal Studies
Criminology	Philosophy
Chinese	Political Science
English	Psychology
French	Sociology
First Nations Studies	Spanish
Geography	Women's Studies
History	Writing

Math & Sciences

Whether you see yourself working on high-level design, in a lab conducting experiments or solving problems on the workshop floor, you will leave NIC's STEM courses with a broad skill set and be ready to succeed.

Programs

Associate of Science degree
Engineering Foundations certificate
Computer Information Systems certificate

Courses

Biology	Information Technology
Chemistry	Mathematics
Computer Science	Physics
Engineering	Space, Science & Astronomy

- Industrial Electronics & Automation **see page 26**
- Upgrading **see page 30**

The NIC Advantage

- ▶ Seamless transferability
- ▶ Customized, flexible education plans
- ▶ Dual and Guaranteed admission options to UVic and VIU
- ▶ University classes capped at 36 students
- ▶ International field school opportunities, such as Greece and Croatia
- ▶ Applied research opportunities
- ▶ Learn from expert faculty including nuclear astrophysicists, marine biologists, anthropologists and criminologists.

Comox Valley campus ▶

“ NIC shaped me as a learner. It molded me into an academic who strives for excellence and questions the world we live in; it has been instrumental to my success.

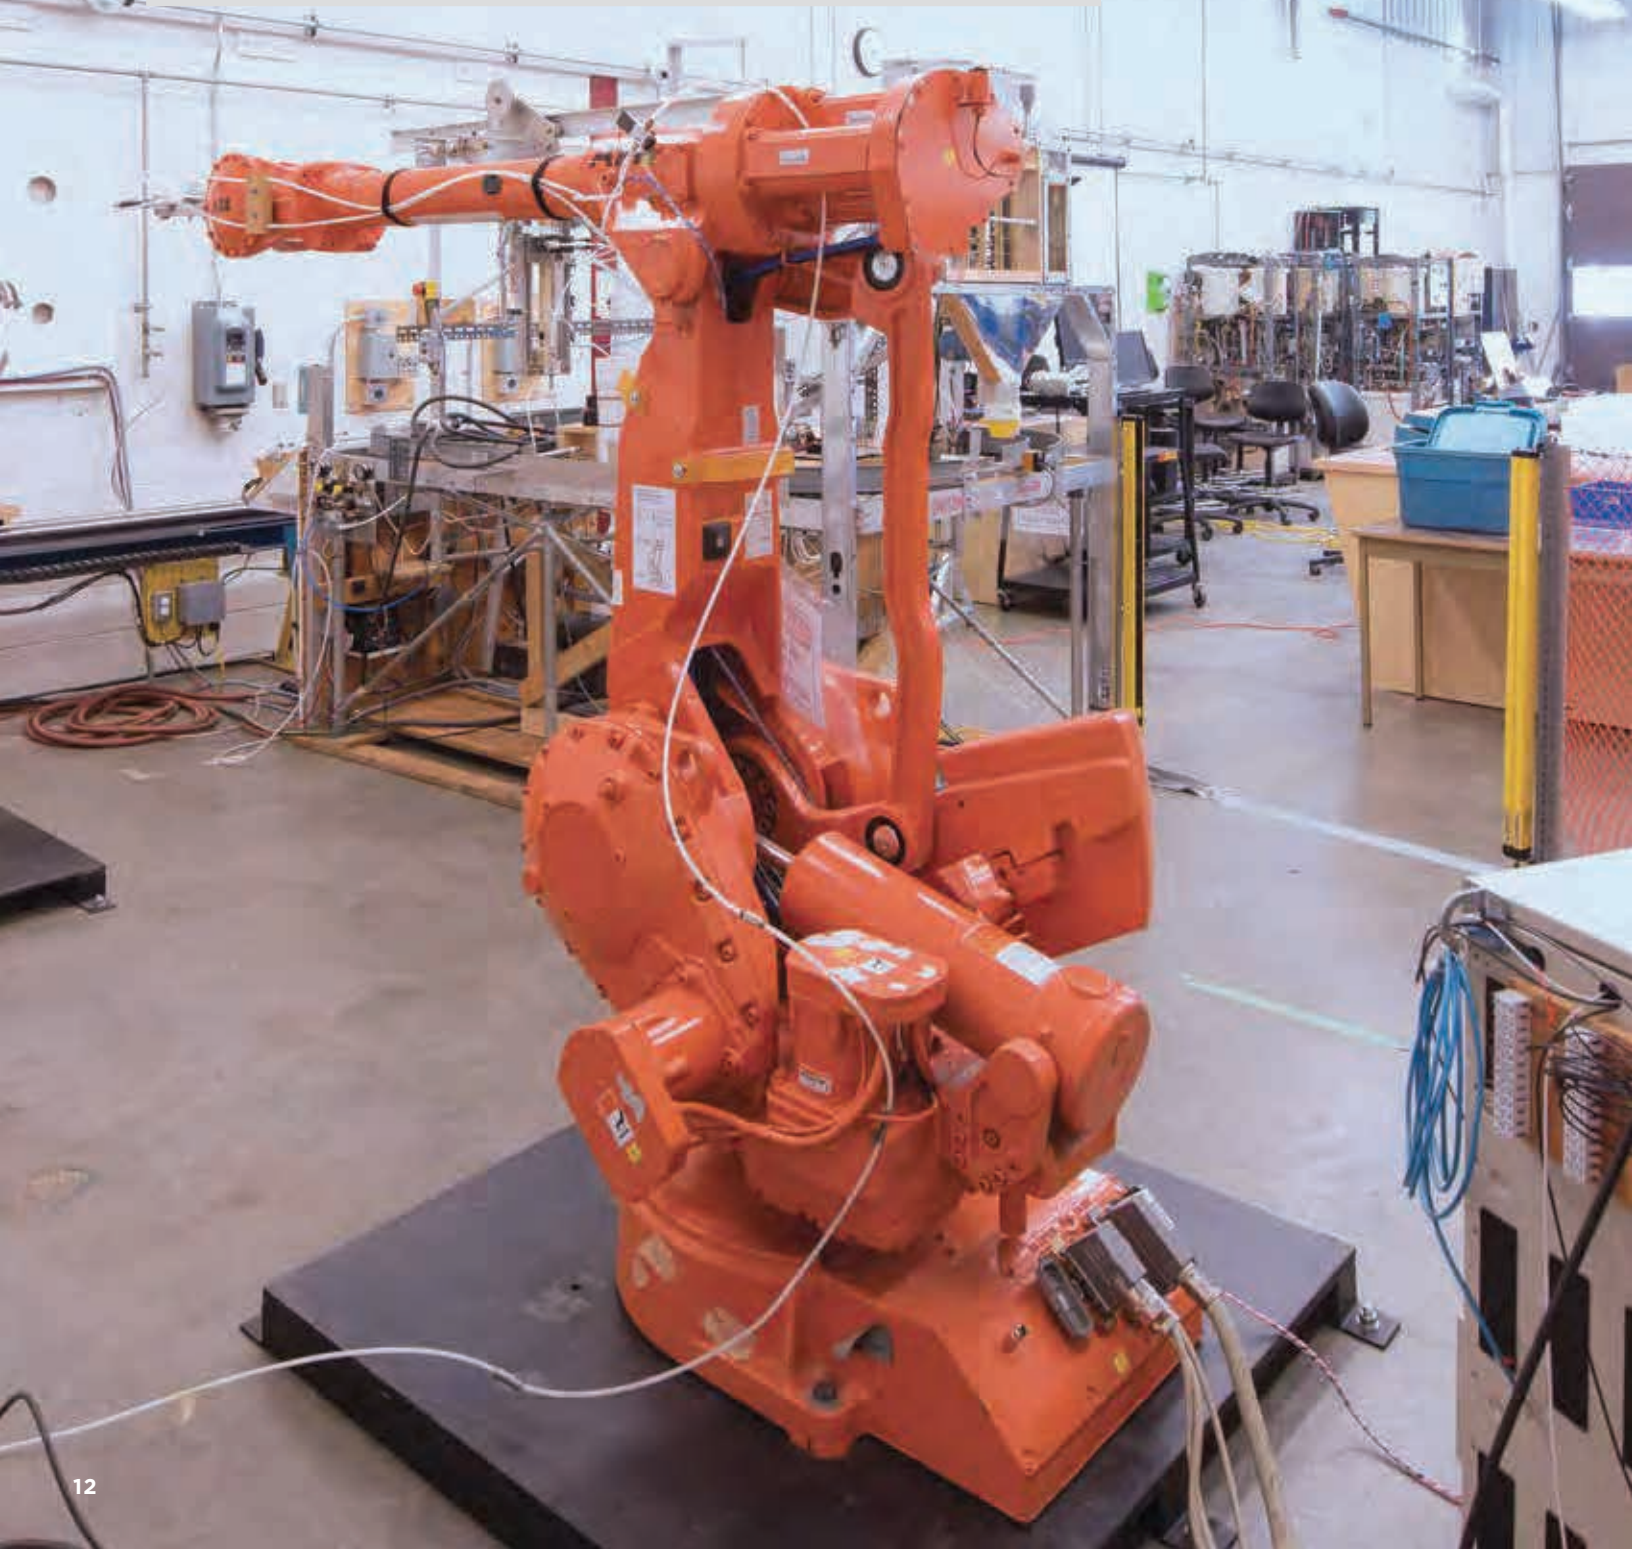

Sylva Falk

NIC science student accepted into UBC's Northern Medical Program

Tech @ NIC

State of the art technology, one-on-one support

Whether you're interested in building, coding, network solutions, app development or web design, NIC has the expert faculty, facilities and equipment to launch your career in the tech industry.

DIGITAL Design + Development

Design

Immerse yourself in communication design as you explore branding, typography, graphic design, user interface design and front-end web development.

Development

Learn industry-standard programming languages and tools for developing effective websites, browser-based applications and mobile apps for Android and Apple devices.

Programs

Mobile Application Development certificate

Web Design Fundamentals certificate

Advanced Digital Design and Development diploma

Communication Design diploma

Web & Mobile Application Development diploma

The NIC Advantage

- ▶ Learn full-spectrum skills across the entire digital product landscape, from UX to iOS development
- ▶ Study cutting-edge curriculum driven by an advisory committee of industry professionals
- ▶ Graduate employment-ready with a professional portfolio
- ▶ Transfer to VIU Bachelor of Arts, Graphic Design to Royal Roads University, Bachelor of Arts, Professional Communication

- ▲ Web and Mobile Application Development diploma student Liam Quinn shows his final project to Nick Ward of The Update Company
- ◀ Programmable robotic arms in the Industrial Automation shop at NIC's Campbell River campus

School of Fine Art

Explore printmaking, video, painting, drawing, digital media, ceramics, photography and sculpture in our high-calibre studios.

Programs

Fine Arts diploma

Professional Potter Advanced diploma

The NIC Advantage

- ▶ Transfer agreements with Emily Carr University of Art + Design, UVic, VIU and Alberta University of the Arts
- ▶ World-class facilities and studios
- ▶ Join a province-wide network of professional artists
- ▶ Gain experience curating and participating in exhibitions

➔ Metal Jewellery Design certificate **see page 29**

▲ Screen printed postcards, t-shirts and a book by NIC Fine Art diploma graduate Meesh QX, displayed for sale at NIC's Bookstores

Professional Photography

Develop core professional photography skills and gain hands-on experience as you build an industry relevant portfolio that showcases your artistic talent and technical skills.

Programs

Professional Photography certificate

The NIC Advantage

- ▶ Build a professional photography portfolio
- ▶ From shooting to editing, get experience working in various artistic styles while developing your own unique aesthetic
- ▶ Start your photography career or enhance your skills

Community Support, Indigenous Focus

Human Services diploma

SOCIAL SERVICES

Social Services diploma

“ The program was fun but also very challenging. You're learning how to walk alongside and support people who are experiencing different issues and situations that affect their lives. The instructors were very supportive and the practicum was rewarding and helpful in developing my skills and applying the theory and knowledge I was learning in class.

Rudi-Lee Canil

NIC Social Services diploma alumna

The NIC Advantage

- ▶ Community-based partnerships and research opportunities
- ▶ Workplace practicums to build your professional network
- ▶ Indigenous-informed curriculum
- ▶ Transfer opportunities to Bachelor's degrees in social work, education, and child/youth programs

Early Childhood Care & Education

Become a qualified early childhood educator. Specialize your skills with a diploma in infant/toddler care and/or children who require extra support.

Programs

Early Childhood Care & Education certificate

Early Childhood Care & Education diploma

The NIC Advantage

- ▶ Graduate employment ready and enter a high demand industry
- ▶ Qualify as an ECCE Assistant with select courses
- ▶ Transfer opportunities to continue learning with bachelor degrees such as UVic's Bachelor of Child and Youth Care

“ The way that the courses are laid out, the instructors start you out with the basic philosophies of educating children, and the practicums helped so much. I had amazing mentors who really prepared me. The NIC training gives you the skills to work in the field in a really holistic way.

Megan Edgar

NIC ECCE diploma student

Early childhood educators make a difference in the lives of young children by providing quality care and education for healthy learning and development ▶

Health Care

Connect with compassion and make a difference in the lives of others with NIC's nationally recognized Indigenous health curriculum.

Health Care Assistants

Provide individualized support for clients in their home, hospital or assisted living facilities.

Practical Nurses (LPNs)

Have a broad scope of practice and provide hands-on care in acute, complex or residential care or in-community settings.

Registered Nurses (RNs)

Are leaders in the health care field, with their practice guided by a Code of Ethics and professional practice standards. From research to education to policy to clinical care, RNs lead the way in patient advocacy with a focus on public safety.

Programs

Health Care Assistant certificate

Practical Nursing (LPN) diploma

Canadian Practical Nurse Registration Exam

Bachelor of Science in Nursing (RN) degree

NCLEX-RN Exam

BSN applications open October 1. The deadline to apply is mid-December.

▲ NIC's Bachelor of Science in Nursing students develop their practice in NIC's simulation lab

Indigenous Education

NIC works closely with regional Indigenous advisory committees and the Indigenous Education Council to develop programs and courses informed by Indigenous ways of knowing and being.

Programs

“ Reconciliation is something all Canadians have a role in – both Indigenous and non-Indigenous. Indigenization of the academy, from a local Indigenous perspective, is a big part of reconciliation; the dialogues that occur between our students will lay the foundation for transforming relationships.

Sara Child

NIC's Indigenous Education facilitator

- ▲ Kwak'wala students share stories in the K'ómoks Big House as part of their language course.

“ I love learning the intricate techniques to build something by hand. You have to be so precise and also patient with the piece you're working on. Our instructor Stephen was so supportive. He holds us to a high standard, but also ensures we develop our skills so we can meet that standard.

Katerina Boguslavsky
Furniture Design and Joinery graduate

Trades & Technical

All NIC training programs follow the criteria set by the Industry Training Authority (ITA) to ensure your trade qualifications meet current industry standards.

▲ Aircraft Structures students working on an airplane wing

Programs

CONSTRUCTION

Carpentry

Furniture Design, Cabinetmaking/Joinery

Electrical

Plumbing and Piping

METAL WORK

Metal Fabrication

Welding

TRANSPORTATION

Aircraft Structures

Automotive

Heavy Duty Mechanical

The NIC Advantage

- ▶ Harmonized curriculum allows for easy transferability
- ▶ Trades classes capped at 16 students
- ▶ New workshops at NIC's Campbell River campus
- ▶ Industry-connected faculty
- ▶ Significant hands-on-experience

Foundation

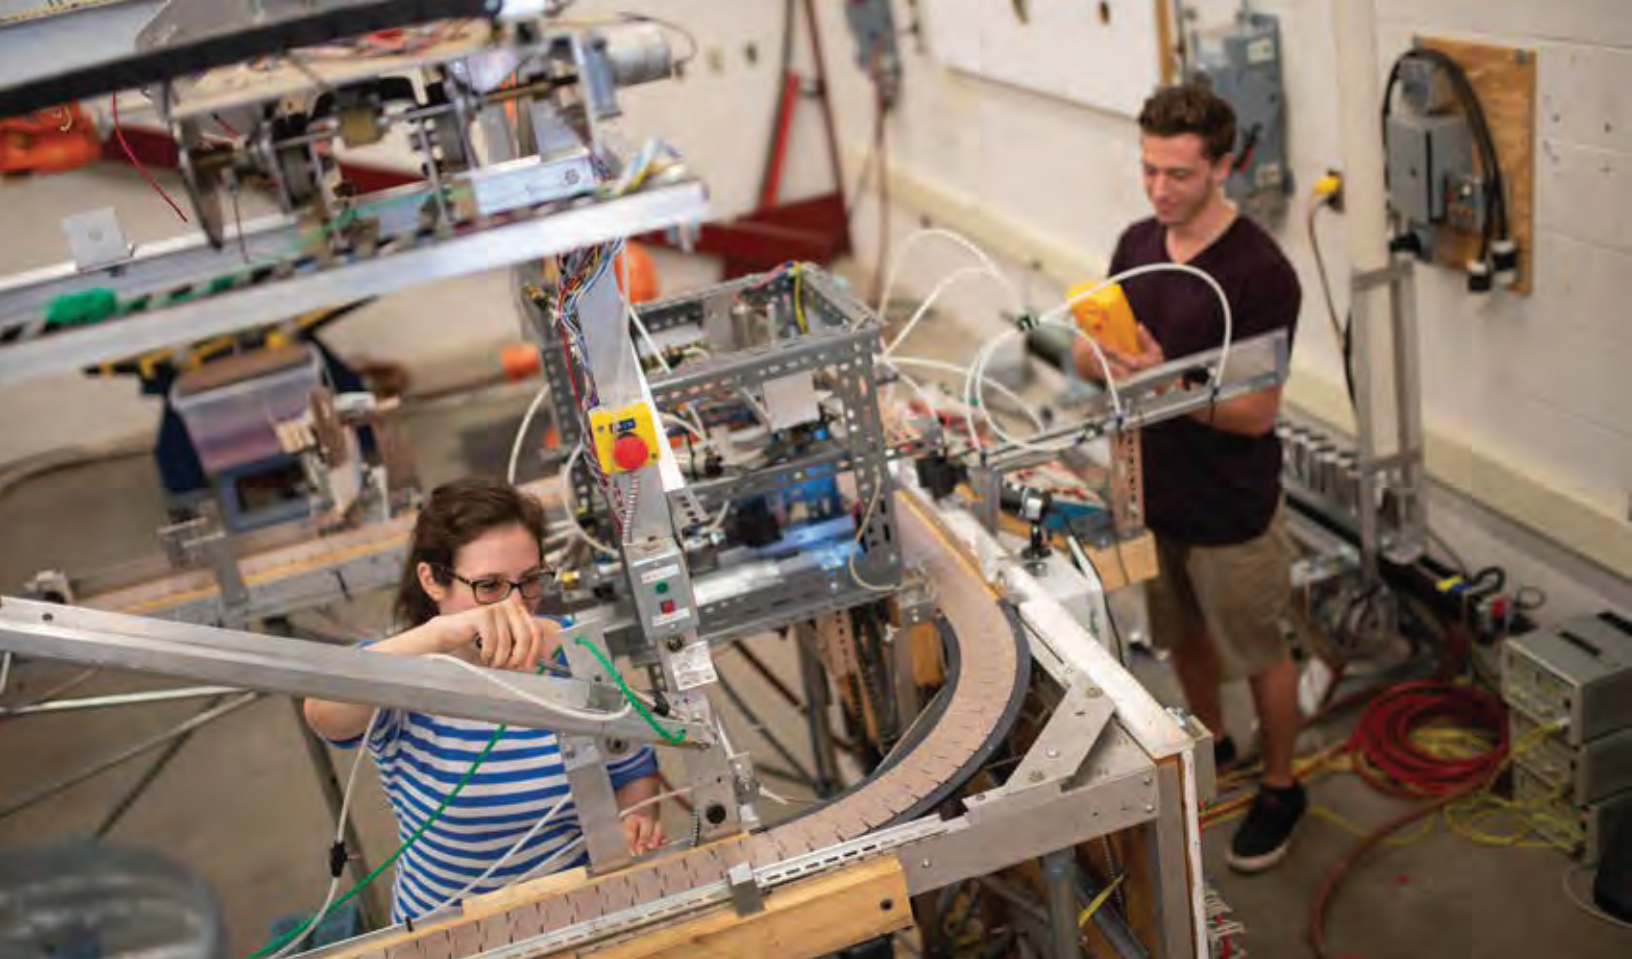

Foundation programs combine apprenticeship Level 1 with theory, knowledge and skills needed for entry into a trade, without needing an employer sponsor.

Apprenticeship Levels

Apprenticeship levels are the in-class portion of your apprenticeship training, following the criteria set by the Industry Training Authority (ITA), as you work toward your Interprovincial (Red Seal) ticket.

Industrial Electronics & Automation

Have you ever watched *How It's Made* and wondered how those machines work? With NIC's Industrial Electronics programs you'll learn about integrated control systems, logic controllers and robotics and apply your skills and knowledge to build and automate processes and machineries in a wide variety of industries.

Programs

Electronics Technician Core certificate
(includes scholastic credit for Electrician Level 1)

Industrial Automation Technician diploma

- ▲ Industrial Automation students put the final touches on their year-end capstone project, which brings together all the skills they've learned throughout their program

The NIC Advantage

- ▶ Small class size allows for easy access to equipment
- ▶ Learn on the latest software, equipment and technology
- ▶ Opportunities to work on unique projects in collaboration with local businesses and industry
- ▶ Faculty have experience in a wide variety of major manufacturing industries
- ▶ Ladder into Electrician training
- ▶ Capstone project to demonstrate learning and skills to future employers

Resource Trades

With expert faculty in forestry and aquaculture, you'll gain the theoretical knowledge and practical training you need to start working in the field or to advance your skills to the next level.

Aquaculture Programs

Learn essential skills to support aquatic food production for marine, freshwater and land-based systems.

Aquaculture Technician certificate

Aquaculture Technician diploma

Hatchery Operations certificate

Shellfish Aquaculture Technician certificate

▲ NIC aquaculture grad Krystyna Podlasly started working on an aquaculture farm site after completing her program

Coastal Forestry Programs

Gain the skills and technical knowledge to become a valuable member of BC's forest industry.

Coastal Forest Worker certificate

Coastal Forest Technology diploma

The NIC Advantage

- ▶ Strong industry collaboration and connections through faculty
- ▶ Field trips to industry sites and work-integrated learning
- ▶ Industry-informed curriculum
- ▶ Focus on sustainable practices and responsible resource use

Culinary

Turn your passion for food into a career in the culinary arts. Learn culinary theory from expert chefs and hone your skills in one of NIC's fully equipped commercial kitchens.

Programs

Prep Cook certificate

Professional Cook (Culinary Arts)

Culinary Business Operations diploma

Culinary Business Operations Advanced diploma

The NIC Advantage

- ▶ Brand new state-of-the-art teaching kitchen in Campbell River
- ▶ Students gain hands-on learning at the NIC Bistro in Port Alberni and Campbell River
- ▶ Laddering opportunities to further your skills
- ▶ Expert and dedicated faculty with diverse industry experience

- ▲ Top: Chef Xavier Bauby demonstrates techniques to students in NIC's new state-of-the-art culinary teaching kitchen in Campbell River
- Above: NIC students prepare and plate salads at the Sysco showcase

Continuing Education

Explore personal and professional development opportunities. Whether you want to start a new career or strengthen your skills, NIC's Continuing Education and Training offers employer and industry recognized training to meet your career goals.

Programs

Activity Assistant certificate
Animal Care Aide certificate
Craft Brewing and Malting
Hospital Unit Clerk certificate
Market Gardener
Metal Jewellery Design certificate
Small Scale Sustainable Farming

Professional Development

NIC's Continuing Education also offers professional development courses, including:

First Aid & CPR Training
FoodSafe
Marine Training

Continuing Education Courses

Find a complete list of continuing education and professional development courses currently available by visiting www.nic.bc.ca/continuing-education

▲ Metal Jewellery Design certificate student Elizabeth Messer works on stone setting in the Metal Jewellery shop at NIC's Campbell River campus

Upgrading

Prepare for post-secondary education or complete your high school diploma.

The NIC Advantage

- ▶ All courses up to grade 12
- ▶ Tuition-free
- ▶ Flexible schedules
- ▶ Online and in-person options
- ▶ Work at your own pace
- ▶ Meet the admission requirements for programs at NIC or other institutions

“ I'm taking upgrading classes in science and math to prepare for the Engineering Foundations certificate. It's helpful to learn in an adult setting and the instructors, like Kathy Heywood, made the material really accessible.

Katie Tilley (centre)
NIC upgrading student

Not sure where to start?

Contact an NIC Educational Advisor to develop a personalized learning plan: questions@nic.bc.ca

Accessible Learning

NIC offers a variety of study options to support individuals with diverse learning needs. Work with an agent who supports students with cognitive or developmental challenges to transition into the workplace. Visit www.nic.bc.ca/accessible-learning for more information.

Programs

Employment Transition	Practical Academics for the Workplace
Employment Transition/Kitchen Assistant	Workplace Professionalism: Skills for Employment Retention

Get started in high school

Start your degree, trades training or earn your certificate while still in high school with Dual Credit and Youth Train in Trades programs at NIC.

Why consider dual credit?

- ✓ Receive credit for both high school and college
- ✓ Dual credit courses may align with your high school block schedule
- ✓ Test drive college while getting support from your high school and NIC
- ✓ Lighten your course load in your first year of post-secondary
- ✓ Get a head start with trades training and begin your apprenticeship after you graduate
- ✓ Complete an NIC certificate while in high school to start your career right after graduation
- ✓ College tuition fees may be covered by your school district

Next steps:

- ✓ Meet with your career counsellor in Grade 10 or 11
- ✓ Meet with an NIC Student Recruiter-Advisor to explore course and program options
- ✓ Work with your career counsellor to ensure you meet course or program requirements
- ✓ Fill out the appropriate application forms and submit them to your career counsellor

“ *I would highly recommend high school students look at Youth Train in Trades. It's an awesome opportunity to explore your interests and earn college credit while you're finishing high school.*

Kaleb Link

Youth Train in Trades student

Go global

Travel the world while you study and earn credit. NIC offered study abroad opportunities in close to 50 countries, both short and long term. There is also financial support available to help you get international experience and take your learning to a new level.

NIC Business student Georgia Rodgers took part in two international experiences while at NIC: a six-month internship at Disney World in Florida and a semester studying abroad in Germany. Georgia visited the Amalfi coast during her study abroad in Germany.

Ask us about scholarships and bursaries available to students travelling internationally:

www.nic.bc.ca/study-abroad

Work local

NIC offers a wide range of work-integrated learning through co-op and internship opportunities. Gain work experience during your program, build your network and work with mentors. Work-integrated learning opportunities help you determine what type of career or company you may be interested in after graduation.

The Student Employment Services team is also available to help with:

- ✓ Career exploration
- ✓ Connecting with employers
- ✓ Online job board
- ✓ Cover letter and resume preparation
- ✓ Job searches
- ✓ Interview prep
- ✓ Online profile development

“ Participating in mock interviews, meeting employers and attending networking events such as NIC’s career fair is confidence boosting. It connects me to my future and reinforces my goals.

Karissa-Anne Martin

Bachelor of Business Administration
degree student

- ▲ NIC students connect with employers from across the region at the annual NIC Career Fair

Indigenous Student Services

We are committed to connecting with our Indigenous students, creating welcoming, safe spaces and holistic learning that incorporates Indigenous ways of knowing and being. We welcome students to access the supports and resources available to enhance their post-secondary experience.

Explore your academics

- Meet with an Indigenous Advisor to explore programs and pathways and create an educational plan that works for you
- Learn about financial aid options (bursary and scholarship information)
- Get support with Band forms or Indigenous organization funding
- Participate in Aboriginal Scholars program

Connect with culture

- Visit with an Elder in Residence
- Join us for a cultural activity/event or luncheon
- Relax between classes and meet other Indigenous students in our Indigenous Student lounges

Connect with a NIC Indigenous Advisor:
indigenousandvising@nic.bc.ca

Self-declare Indigenous ancestry

We encourage you to declare your Indigenous ancestry. You can declare when you apply or after you become an NIC student. No proof of ancestry required.

Why Self-Identify?

- You are helping to identify how many Indigenous students attend NIC
- Gain access to information on awards, scholarships and bursaries, as well as programs, supports, and services
- Gain access to Priority Admission on select Health and Human Services programs

“NIC's Indigenous Scholar program has provided me connections to a wide variety of supports and services that I would not have known existed. My advisor pushed me to take on new challenges, both on and off campus.”

Chris Scarlatti, NIC business student

Doing my first year at NIC let me save money on tuition by living at home while I figured out my career path.

Mackenzie Moore

University Studies student

Financial Support

Meet with an NIC financial aid advisor to explore the types of funding available to you.

- ✓ Government student loans and grants
- ✓ Apprenticeship funding
- ✓ Indigenous financial support
- ✓ Funding for former youth in care
- ✓ Funding for students with disabilities
- ✓ Help with budgeting and financial planning

We know your money matters. NIC is committed to being financially accessible while providing you an exceptional educational experience. For 10 university transfer courses, your tuition will be approximately \$3,080 — that translates to saving over \$10,000/year in tuition and housing costs by choosing NIC and staying at home.

NICFoundation

Advancing students, education and communities

- ▶ **\$534,000** in annual funding
- ▶ **Hundreds** of awards
- ▶ **Only one** application needed

Applications open in March: foundation.nic.bc.ca

Student Life

NIC isn't just a college, it's a community – a safe and welcoming place and space for you to thrive. There are lots of ways to get involved and connect with your fellow students, faculty and staff outside the classroom:

Campus Events

- Orientation
- Thrive Week
- Recreation sports

Volunteer

- Board of Governors
- Education Council
- North Island Students' Union (NISU)

Have an idea or
want to know more?

Contact us at
studentlife@nic.bc.ca

Build your skills

- On-campus employment
- Student leadership team
- Student employment services and career fairs

Stay connected

- Set up your NIC email
- Join the [NIC Student Life Facebook](#) group
- Watch nic.bc.ca for events

How to Apply

Apply to NIC in four easy steps

1

Select your program

Go to www.nic.bc.ca/programs-courses

Choose the program you want to apply for and click Apply Now; this will direct you to the EducationPlannerBC website.

2

EducationPlannerBC

Click on Choose Sign Up for your Education Planner BC Account at the bottom of the page and create your profile.

OR

If you already have an account at educationplannerbc.ca, enter your username and password.

Once your profile is complete, select North Island College from the list of institutions.

3

Complete Application Program Selection

- Select New Applicant
- Select the subject area
- Select the program

4

Review & Submit

- Pay the application fee of \$25
- Confirm your email address
- Confirm the information is true and correct
- Submit

You'll receive confirmation of your application to NIC from EducationPlannerBC at the email address you've given to EducationPlannerBC.

Please note that admissions to most programs are based on first applied, first qualified, first invited.

Next Steps

1

Activate your NIC Email

You'll receive an email from NIC acknowledging your application and giving you your NIC email address and instructions on how to log into your myNIC account.

Log in and activate your account.

All communications from NIC will come to your NIC email.

Visit library.nic.bc.ca/studenttech/Apps for help setting it up on your phone.

2

Submit documents

- Official transcripts
- Other required admissions documents (such as a portfolio)

3

Register for courses

Once you've been invited to your program, you can:

- Pay the tuition deposit
- Book an appointment with an educational advisor to timetable your courses
- Register for your courses

4

Apply for financial aid

Meet with an NIC financial aid advisor to discuss funding options for your education. Be sure to get your applications in by the deadlines!

5

Welcome!

Join us for orientation to kick off the new school year.

We're here to help

You don't need to have all the answers. Contact us to book an appointment, or book online:
