newfoundland *and* labrador

Home to the most easterly point in North America, Newfoundland and Labrador, Canada, is surrounded by the Atlantic Ocean and features some of the oldest rocks and fossils in the world. The rugged terrain, amazing vistas, and sprawling coastline are unique, to say the least.

This is a province steeped in history and culture. Here you can experience vibrant urban environments, historic outport communities, and serene national parks across our vast and varied landscapes.

Newfoundland and Labrador is the perfect place to enjoy outdoor adventures like hiking, kayaking, and whale watching. Not to mention, it's one of the best places in the world to see icebergs.

The people here are as unique as the terrain. The kindness, humour and character all drive a refreshing approach to life. Visitors are welcomed like old friends and there's always someone willing to lend a hand. This is truly a place like no other.

st. john's

St. John's is our province's historic capital and home to over 200,000 people. Founded more than 400 years ago, it is one of the oldest cities in North America. Today, St. John's perfectly combines tradition with sophistication and is a safe, cosmopolitan city.

Our proximity to the Atlantic Ocean heavily influences the climate. It can be windy, rainy or foggy in St. John's on any given day—but that can change quickly to blue skies and sunshine. During the summer months, there's always an ocean breeze to keep you comfortable. Winters are generally mild, with sometimes cool and brisk temperatures, but great for your favourite outdoor activities.

Speaking of activities, the options here are endless. Explore our rich history at The Rooms. Take in art and plays in one of our many galleries and theatres. Visit historic Quidi Vidi, a village within the city. Ski or jog the trails in Pippy Park. Hike Signal Hill and the East Coast Trail. Check out the St. John's Farmers Market. Eat at some of Canada's best restaurants. Take part in numerous festivals throughout the year.

No matter your interests, there is something for everyone in St. John's.

admissions

Memorial has three semesters per academic year:

- Fall (September)
- Winter (January)
- Spring (May)

Application deadlines for each semester can be found at **mun.ca/undergrad/admissions**.

Applicants should note that direct entry into some programs is offered in the fall semester only.

All applicants must meet the minimum general admission requirements. Admission to some programs is selective and may require a higher admission average and/or additional qualifications. General admission, with an alternate program of study, may be offered to qualified applicants in advance of a decision regarding admission to a competitive or limited-entry program.

International applicants are advised to apply early. Application deadlines for general admission and for admission to specific programs do not account for any additional time it may take to complete the process of supplying documentation to the Government of Canada for a study permit. For more details, visit **cic.gc.ca**.
